

Login is required to view the State Farm Fire Claim Vendor Zip Code Application.

Users should login with their B2B ID and password to access the State Farm B2B web page ([b2b.statefarm.com](http://b2b.statefarm.com)).

Users who have forgotten their B2B ID or password should use the “Forgot your B2B ID or Password” links within the B2B Login section to regain access.

The screenshot shows the State Farm Business to Business Portal login page. At the top, there is a red header with the State Farm logo and the text "Business to Business Portal". A search bar labeled "Search B2B" is located in the top right corner. Below the header is a large banner image of a white van with the text "Work With a Good Neighbor". To the right of the banner is a "B2B Login" section with input fields for "B2B ID" and "Password", a "Remember My B2B ID" checkbox, and a "Login" button. Below the login section is a "Register an Account" button. On the left side, there is an "Alert" box with the following text: "Repair Facilities not participating in the Select Service program: If you have a B2B account, you now have access to the Supplement Dashboard that provides information about supplement requests and payment on individual claims. Don't have a B2B account? Register for an account today!" and "Other Insurance Carriers: Need to file a claim? Use the 'State Farm Claim Portal for Other Insurance Carriers' button under 'Working with Us' to search for a claim. If the claim has not already been filed, use the link on the search page to file the claim." On the right side, there is a "Resources" section with links for "Admin Roles and Responsibilities", "About Registration", "Auto Repair Facility Survey", "Request Supplement - No Log In", and "Request Supplement - Instructions".

Click on the “Contractor - Manage Zip Codes” link to access to the Fire Claim Vendor Zip Code Application.

The screenshot shows the State Farm Business to Business Portal user dashboard. At the top, there is a red header with the State Farm logo and the text "Business to Business Portal". A search bar labeled "Search B2B" is located in the top right corner. Below the header is a large banner image of a white van with the text "Work With a Good Neighbor". To the right of the banner is a "Welcome fname lname !" section with a red-bordered link labeled "Contractor - Manage Zip Codes". Below the welcome section is a "Resources" section with links for "Admin Roles and Responsibilities", "About Registration", "Auto Repair Facility Survey", "Request Supplement - Demo", and "Request Supplement - Instructions". On the left side, there is an "Alert" box with the text "Note:".

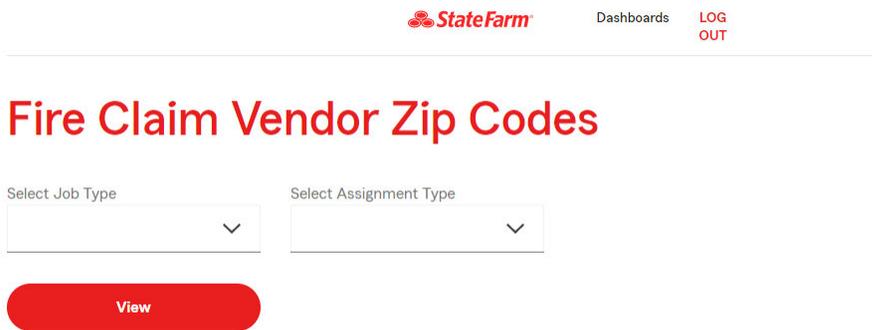

## Job Type & Assignment Type Page

The **Job Type and Assignment Type** page allows users to filter which zip codes need to be viewed or edited based on the selection.

**Job Types options include:** Estimate Only – General, Flooring, General, ILR Referral, Mitigation Only and Roofing Services.

**Assignment Type options include:** Non-Cat or Cat

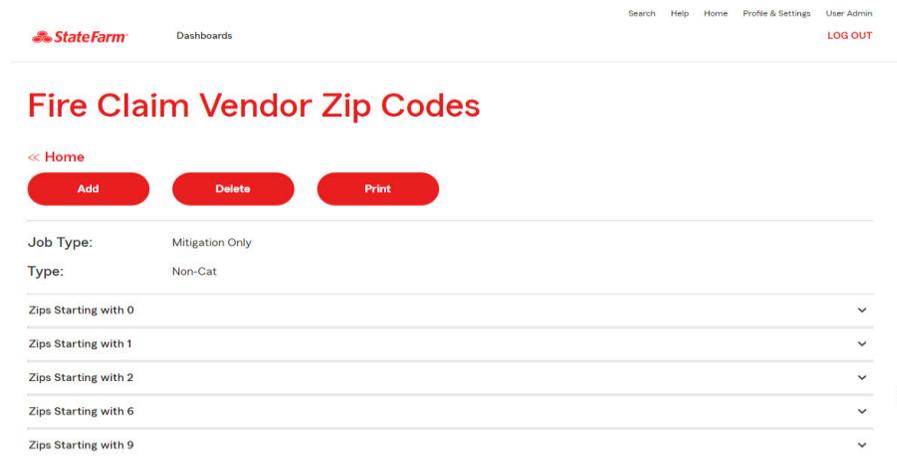

Note: Users will receive the following error message, “*Verify with your vendor management contact.*” if the user selects a job type and/or assignment type for a State Farm Premier Service Program which is not applicable or if zip codes are to be activated for a claim group.

The screenshot shows the top navigation bar with the State Farm logo, 'Dashboards', and 'LOG OUT'. The main heading is 'Fire Claim Vendor Zip Codes'. Below the heading are two dropdown menus: 'Select Job Type' and 'Select Assignment Type'. A red 'View' button is positioned below the dropdowns.

## Fire Claim Vendor Zip Codes

Once job type and assignment type have been selected, the **Fire Claim Vendor Zip Codes** page will display active zip codes based on the job type and assignment type selection. Active zip codes can be viewed sorted by the starting numeric value of that zip code area (click on the drop down to the right to display zip codes). Once the listed zip codes have been reviewed, updates can be made by selecting “Add” or “Delete”.

The screenshot shows the 'Fire Claim Vendor Zip Codes' results page. The top navigation bar includes the State Farm logo, 'Dashboards', and 'LOG OUT'. The main heading is 'Fire Claim Vendor Zip Codes'. Below the heading are three buttons: 'Add', 'Delete', and 'Print'. The page displays the selected filters: 'Job Type: Mitigation Only' and 'Type: Non-Cat'. A list of zip codes is shown, each with a dropdown arrow to its right:

- Zips Starting with 0
- Zips Starting with 1
- Zips Starting with 2
- Zips Starting with 6
- Zips Starting with 9

## Add Zip Code Page

The **Adding Zip Code** page will enable users to add new zip codes individually. An individual zip code which has already been entered will not be allowed to be entered again and the “*Duplicate Zip Code*” error message will display. Once zip codes have been added, they will be automatically placed in the correct servicing area. The **Upload** button allows uploading a large number of zip codes at one time. Maximum number of zips that can be upload in a single file is 500. The CSV file type is the only format allowed. Added zip codes which have been uploaded will be saved automatically and placed in the correct servicing area.
