Loss to covered property caused directly by Windstorm or Hail is covered by our basic Homeowners, Condo Association, Condo Unitowners, and Rental Dwelling policies. Coverage can be affected by use of policy endorsements.

Changes to this coverage comes in 3 forms:

- Addition of a separate Deductible for loss to covered property caused by Windstorm or Hail.
- Exclusion of specific perils (i.e. Windstorm or Hail) or exclusion of all loss that may occur during a hurricane event.
- Certain policies can be amended with an endorsement that contains language changing the scope of what is considered covered property during a hurricane event. Also, loss caused directly by Windstorm or Hail is covered, but a separate deductible applies if the loss occurs during a hurricane event.

If applicable to a policy the following endorsements will appear in the Forms, Options, and Endorsements field of the Insurance Inquiry Policy Information screen.

*******************************************************************************

**Alabama:**

- **Loss to covered property caused directly by Windstorm or Hail** is covered by State Farm Property Insurance Policies, but **can be excluded** by the following endorsements:
