

State Farm® PDR Pricing Matrix for State Farm Paintless Dent Repair Agreement

Notes

- Panels with multiple size dents should be estimated using the size category that represents the majority.
- **Necessary** R&I of items are based on times published in the *Collision Estimating Guides*.
- PDR Corrosion Protection, \$10 per panel, up to a maximum of \$30 per vehicle. Combination repairs may warrant additional labor and materials.
- Damage exceeding a half-dollar size, separately enter \$40 per dent as a dollar amount and include a line remark.
- Available upcharges: (with a **maximum** of *ONE* per panel).
 - Aluminum panels, add 25% to matrix pricing.
 - When requested, add 25% to matrix pricing for panels constructed of High Strength Steel (HSS).
 - Double-layered panels, 25% markup. Panel areas with limited access points such as roof rails can be subject to markup.
 - Roof repairs on full size vans, full size SUVs, extended cab trucks, add 25% to matrix pricing.
- **Exception** to the *ONE* upcharge maximum listed above (a potential double markup scenario):
 - Allow **necessary** R&I for access *OR* add 25% markup to eliminate the need for R&I for access, *not both*.

CR = Conventional Repair, when the dent count exceeds the matrix, PDR can be negotiated with the repair facility on a case by case basis.

Severity Class Total number dents	Very Light 1 to 5 dents				Light 6 to 15 dents				Moderate 16 to 30 Dents				Medium 31 to 50 dents				Add R&I as needed
	Average size	DIME	NKL	QTR	HALF	DIME	NKL	QTR	HALF	DIME	NKL	QTR	HALF	DIME	NKL	QTR	
Hood	85	115	145	150	145	200	225	250	200	230	250	300	275	325	375	450
